International Association of Sedimentologists

IAS Newsletter – August 2018

Dear IAS member,

This ENIAS contains information on the following topics:

- REMINDER: Membership renewal for 2018
- ANNOUNCING: 34th IAS Meeting of Sedimentology, Rome (Italy)
- CALL for applications for IAS Post-Doctoral Research Grants (Fall 2018 Session)
- CALL for applications for Post-Graduate Research Grants (Fall 2018 Session)
- CALL for applications for Institutional Grants (Fall 2018 Session)
- CALL for nominations for the 2019 Richard W. Faas Research Prize
- Travel grants for IAS Student Members
- Meetings with IAS support
- REMINDER: call for manuscripts for Open Access Journal "The Depositional Record"
- News from our journals
- IAS newsletter #274
- REMINDER: IAS on Facebook and on Twitter
- Job adverts

On behalf of the IAS Bureau,
Stephen Lokier
Secretary General

- **REMINDER: Membership renewal for 2018**

Most of you have by now renewed your **membership for 2018**.

If you have not yet done so... you can still renew your membership [here](#)

- **ANNOUNCING: 34th IAS Meeting of Sedimentology, Rome (Italy)**

The **34th IAS International Meeting of Sedimentology** will take place in **Rome (Italy)** between the **10th – 13th September 2019**. The theme of the meeting, 'Sedimentology to face societal challenges on risk, resources and record of the past', reflects a desire to discuss, compare and promote research in the context of societal changes from the perspective of Sedimentology and Sedimentary Geology. Details of the meeting will soon be available [here](#) or on the [IAS website](#).

The Organizers are currently inviting proposals for **Sessions** and for **Workshops or Short Courses**. Deadline for submitting proposals is **31 October 2018**.

- **CALL for applications for IAS Post-Doctoral Research Grants (Fall 2018 Session)**

IAS Post-Doctoral Research Grants are intended as a seed to assist early-career post-doctoral researchers in either establishing a proof of concept, in order to support applications to national research funding bodies, or to fund areas of a project that were not included in the original project scope.

Up to 4 grants, each to a maximum of 2500 Euro, are awarded twice per year to Early Career IAS members – those that have secured their Ph.D. within the previous 7 years.

The application requires submission of a research proposal with budget and CV (template provided on the [submission webpage](#)), and a letter of support from the researcher's supervisor, line manager or Head of School. More details about the application procedure can be found [here](#). Application deadline for the Fall 2018 Session is **30 September 2018**.

Eligibility:

- Applicants must be full members of the IAS.
- Applicants must have secured their Ph.D. within the previous 7 years.
- Applicants can only benefit from a Post-Doctoral grant on one occasion.

- **CALL for applications for Post-Graduate Research Grants (Fall 2018 Session)**

Up to **10 research grants**, each of about 1000 Euro, are awarded twice a year to **IAS Post-Graduate Student Members**. This grant scheme is designed to support PhD students in their studies and research. Post-Graduate Research Grants can be used to (co-)finance fieldwork, acquisition and analysis of data, visits to other institutes to use specialized facilities, etc.

Applications have to be submitted via the [IAS website](#). Application deadline for the Fall 2018 Session is **30 September 2018**.

More information about the Post-Graduate Grant Scheme and guidelines on how to apply can be found [here](#).

- **CALL for applications for Institutional Grants (Fall 2018 Session)**

Twice a year, IAS awards an **Institutional Grant** of about 10,000 Euro, which is intended to support capacity building initiatives in less developed countries (LDCs). Grants will allow earth science departments in LDCs to acquire durable sedimentological equipment for teaching and research, or tools that can be used by all geology students. The grant application should thus clearly demonstrate how the grant will increase the recipient's capacity to teach sedimentology at undergraduate level in a sustainable way.

Applications have to be submitted via the [IAS website](#). Application deadline for the Fall 2018 Session is **30 September 2018**.

More information about the Institutional Grant Scheme and guidelines on how to apply can be found [here](#).

- **CALL for nominations for the Richard W. Faas Research Prize**

IAS and the Faas family **invite nominations for the 2019 Richard W. Faas Research Prize**. The prize will be awarded during the 34th IAS International Meeting of Sedimentology, Rome, Italy (10–13 September 2019) and will recognise outstanding work in the field of marine sedimentology and particularly research dealing with fine-grained marine and estuarine sediments. PhD students and post-doctoral researchers can be nominated. Candidates should have obtained their PhD not more than 5 years before the date of the award ceremony, i.e. the annual meeting of the IAS.

More details about this prize and about the nomination procedure and requirements can be found [here](#).

Please send your nominations to the **IAS Secretary General** (s.lokier@bangor.ac.uk) before 30th November 2018.

- **Travel grants for IAS Student Members**

- Permian Carbonate Systems of Northeast England — "2018 BSRG Carbonate Fieldtrip " (7–9 September 2018, Durham, United Kingdom)
Application deadline: 1 September 2018
- International Meeting around the Jurassic–Cretaceous Boundary (Geneva, Switzerland; 5–7 December 2018)
Application deadline: 1 October 2018

All travel grants are also listed on the website in the **members-only Events Timeline**. The listings include the option for downloading the deadline in your calendar.

Application rules and eligibility criteria for IAS Student Travel Grants:

- Applicants must be active IAS Student Members at the time of submitting a travel grant application;
- Applicants can apply for a travel grant twice per calendar year: once for an IAS meeting (IMS or ISC) and once for any other IAS-sponsored meeting;
- Applicants must have an active and approved (oral or poster) presentation at the meeting (unless the meeting format does not include oral or poster presentations), on a topic of sedimentological relevance.

- **Meetings with IAS support**

- FOSI 3rd Regional Seminar "Past and Present Sedimentation in Tropical Region: (Yogyakarta, Indonesia; 5–6 September 2018)
- Turkish Sedimentological Working Group – SÇG 2018 Workshop (Sakarya, Turkey; 6–9 September 2018)
- Permian Carbonate Systems of Northeast England 2018 BSRG Carbonate Fieldtrip (Durham, United Kingdom; 7–9 September 2018)
- VII Argentinean Meeting on Quaternary and Geomorphology (Puerto Madryn, Argentina; 8–21 September 2018)

- 8th Sedimentary Provenance Analysis (SPA) Short Course (Göttingen, Germany; 24–28 September 2018)
- Conference on Seismic Characterisation of Carbonate Platforms and Reservoirs (London, UK; 10–11 October 2018)
- International Meeting around the Jurassic–Cretaceous Boundary (Geneva, Switzerland; 5–7 December 2018)
- BSRG Annual General Meeting 2018 (Edinburgh, UK; 17–22 December 2018)
- 34th IAS Meeting of Sedimentology — "Sedimentology - to face societal challenges on risk, resources and record of the past" (Rome, Italy; 10–13 September 2019)

All meetings with IAS support are also listed on the website in the [members-only Events Timeline](#). The listings include the option for downloading the event period in your calendar.

- **REMINDER: call for manuscripts for Open Access Journal "The Depositional Record"**

"The Depositional Record – A journal of biological, physical and geochemical sedimentary processes" is IAS's **Open Access Journal**. It covers all timescales, from Ancient to Modern Earth, and welcomes articles from across the field of sedimentology, and in particular articles dealing with paleoclimate, changes in the chemical environment, ocean acidification, extra-terrestrial sedimentology, and the application of genetic methods to understanding sedimentological processes.

The journal is now collecting manuscripts for Volume 4. All papers are freely accessible to everyone [here](#). For more information, please visit the [journal website](#) and the [manuscript submission page](#) on ScholarOne.

Article Processing Charges (APC) will be covered by IAS until the journal has received an impact factor.

- **News from our journals**

For a quick overview of the latest issues of **Sedimentology**, **Basin Research** and **The Depositional Record**, follow these links:

- **Sedimentology**: directly at [Wiley](#) or via the [IAS website](#) (after login) for member access
- **Basin Research**: directly at [Wiley](#) or via the [IAS website](#) (after login) for member access
- **The Depositional Record**: directly at [Wiley](#) or via the [IAS website](#)

- **IAS Newsletter #274**

The latest IAS Newsletter #274 (August 2018) can be downloaded [here](#).

All archived Newsletters can be accessed online at the ['Publications' webpage](#).

- **REMINDER: IAS on Facebook and on Twitter**

IAS is also present on [Facebook](#) and on [Twitter](#). Follow us [@sedimentology](#) to keep up to date with all things sedimentological.

- **Job adverts**

You can find more information about recent job adverts on our [members-only Job Offers Timeline](#).
